Volunteer Experience

I joined Rotary because I believe in making a meaningful difference in the world. The values of service above self, community engagement, and global fellowship deeply resonate with me. I wanted to connect with a network of like-minded individuals who share a passion for giving back and tackling some of the most pressing challenges in society.

Additionally, I value the opportunity to expand my horizons by working alongside diverse individuals, both locally and internationally, and to be part of a movement that transcends borders to build goodwill and peace.
